

# DOODLES WORKSHOPS

## Condensed Programing

Our workshops are ideal for libraries, large groups, and focused topics, offering hands-on, creative experiences that inspire learning and collaboration. Tailored for all group sizes, they foster both individual and group expression in a fun, engaging environment.

# DOODLES WORKSHOPS

## Magical Lands

Students design a fairytale world by brainstorming magical elements and learning how to create space with backgrounds, middle grounds, and foregrounds. They'll cut out layers to build their enchanted land and add magical details to bring it to life. The lesson can be done in one or two days.

## Creative Conservationist

In this workshop, participants practice scientific drawing using botanical specimens and magnifiers, with guidance for continued practice at home. They will then learn about endangered animals, their habitats, and the effects of climate change, creating Agamographs to illustrate current and future habitat scenarios. Each part of the workshop can be used independently or together.

## Musical Murals

Students will create a collaborative mural inspired by local music and soundscapes. Using a mix of art materials, they'll express their personal connection to the community through color, texture, and movement, while reflecting on the sounds of their environment.

## Lantern Making + Storytime

Children will listen to a story and then create their own lanterns using tissue paper and various materials. Inspired by Moroccan lantern patterns, they will explore color, pattern, and mark-making with bleeding tissue paper, engaging in a creative process that encourages them to reflect on their wishes and intentions

## Shadow Puppets

In this workshop, children will explore shadow puppetry through storytelling, hands-on art-making, and performance. They will learn about the cultural significance of shadow puppets, design and create their own self-portrait puppets, and experiment with light and movement in a shadow theater.

# DOODLES WORKSHOPS

## Chalk Paint Silhouettes

This workshop is perfect for drop-in participation and easy to follow. Kids and their adults will trace fun silhouettes and then bring them to life by filling them with vibrant chalk paint, creating colorful and unique designs. It's a simple, engaging activity that lets creativity shine!

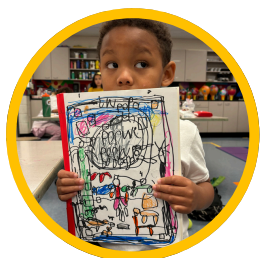

## Our Family Flag

In this workshop, families will work together to design a unique flag that represents their story, values, and creativity. Through art and symbolism, you'll explore ways to express your family's identity while fostering connection and teamwork. It's a fun, hands-on activity for all ages!

## Sketch Like a Scientist

In this workshop, students will step into the shoes of a scientist as they explore the outdoors and use natural materials to inspire their sketches. With field journals in hand, they'll observe the world around them, documenting plants, animals, and textures they find. This hands-on activity encourages keen observation, creativity, and scientific thinking while capturing the beauty of nature through art.

## Toy Time Creations

Drop in and create a masterpiece featuring your favorite toy! Kids will start by drawing their toy and adding a background, then explore a variety of materials to bring their artwork to life. This open-ended workshop encourages creativity and personal expression—perfect for all ages!

## Superhero Me!

Students reflect on their real-life strengths and transform them into superhero identities. They illustrate themselves as a superhero, designing a costume and unique features that highlight the skill or trait they took pride in.

# HANDS-ON WORKSHOPS FOR CREATIVE LEARNING

Our workshops offer an immersive, hands-on experience that encourages creativity, collaboration, and skill-building. Perfect for libraries, schools, and community organizations, they are designed to inspire participants of all ages with projects that connect art to real-world topics. Whether for large groups or smaller, focused sessions, our workshops provide meaningful learning opportunities that make art accessible and fun. With expert guidance, participants explore new techniques, expand their artistic horizons, and walk away with projects that reflect their creativity and knowledge.

## ANNUAL WORKSHOP PACKAGE: CREATIVE PROGRAMMING FOR KIDS

Our Annual Workshop Package offers 12 exciting, hands-on workshops that can be used as an incentive or programming tool throughout the year. Libraries can offer one workshop each month to engage attendees, while coworking spaces can provide creative activities for their members' children. Each year, we develop 12 new workshops, or you can choose from our current catalog for more flexible, ad-hoc options. This package is designed to keep kids inspired and engaged while offering you a fun, creative way to add value to your community or space

Workshop Type	Workshop Pricing
Single Workshop	\$350
Annual Workshop Package	\$3,600
